

Ordinance No. 2008-01

Replacement of Special Foam Used to Fight Fire Contaminants

The Town Board of the Town of Clyman does ordain as follows:

Pursuant to an agreement entered into with the Clyman Fire Department and the Dodge County Chief's Association, regarding the purchase of a used foam trailer and foam to be used in the event of a serious contaminant fire, if said fire would occur to a company or individual residing in the Town of Clyman, the Town of Clyman will be responsible to replace said foam as soon as possible. So as to not put a financial strain on the Town of Clyman and its Fire Department finances by having to replace said foam, the Town of Clyman will submit an invoice to the responsible Town of Clyman business or resident to cover the cost of the replacement of said foam. In addition, said invoice will contain a four percent (4%) administration fee.

This ordinance shall take effect as soon as requirements of law are complied with.

Adopted this _____ day of _____, 2008.

David Blank, Town Chairman
